Units 3-4 Northgate Business Centre
Crown Road, Enfield, London, EN1 1TG (UK)

INTRODUCTION

Mission Statement

Our objective is to be a progressive, reputable and responsible healthcare company, providing quality products and services responsive to the particular needs of both the local and wider community that we serve.

Our staff are encouraged and trained to work as an effective and innovative unit and to be recognised as giving a caring and professional service from clean, pleasant and well run premises.

Company Profile

The company was established in February 1995 by Adrian, Julian & Seb Bavetta as an independent family run wholesaler and distributor of non-pharmaceutical healthcare products to the independent pharmacy sector in the United Kingdom.

Since its modest beginnings as a small, newly formed set-up, the company has grown rapidly and has today become firmly established in the pharmacy marketplace as a progressive and professionally run organisation. From its early days selling a small range of basic orthopaedic supports, the company now markets a high quality and diverse range of healthcare products – almost all under the company's own patented Fortuna trademark. In total the company currently sells 4000 product lines including orthopaedic supports, wound dressings, eyewear articles, mobility aids etc. to over 5,000 independent pharmacies across the whole of the United Kingdom.

The company operates today from Northgate Business Centre, a smart trading estate in Enfield, North London and conveniently located close to London's M25 Orbital Motorway and North Circular Road. The site consists of an overall trading capacity of 34,500 sq ft (Warehouse 22,000 sq ft / Offices 12,500 sq ft).

The company currently employs over 60 members of staff in a variety of roles throughout the United Kingdom.

As a leader in the sports and orthopaedic supports market our company continues to innovate in this product category by way of ongoing research and development, using the latest technology.

Our company offers a highly effective and versatile range of Neoprene and Elasticated Supports which cover a wide spectrum of different uses from every day to specialised high impact activities.

All supports are durable, reusable and can be hand washed. A measurement guide is featured on all packaging to insure a perfect fit.

The Fortuna Neoprene Support Range is made from high quality neoprene rubber which provides constant uniform compression and support. It also generates and retains warmth which increases blood circulation to the injured area thus promoting natural healing and comfort. In addition, the warming effects on muscles and joints increase flexibility to help prevent sporting injuries.

The Fortuna Neoprene Support Range is suitable for both sporting and everyday use.
